 QUESTION 29:  
 Below are some proposals that different states are considering around education. After you read each one, please indicate whether you strongly favor, somewhat favor, somewhat oppose or strongly oppose each proposal, or if you do not know enough to have an opinion.

School vouchers, where tax dollars follow the student regardless of whether they go to a public or private school.

 QUESTION 30:  
 Below are some proposals that different states are considering around education. After you read each one, please indicate whether you strongly favor, somewhat favor, somewhat oppose or strongly oppose each proposal, or if you do not know enough to have an opinion.

Education Savings Accounts, or ESAs, which allow families to use all or a portion of their state's education dollars for education related items like school tuition, tutoring, online education programs, textbooks or education technology, or therapies for students with special needs.

 QUESTION 30:  
 Below are some proposals that different states are considering around education. After you read each one, please indicate whether you strongly favor, somewhat favor, somewhat oppose or strongly oppose each proposal, or if you do not know enough to have an opinion.

Education Savings Accounts, or ESAs, which allow families to use all or a portion of their state's education dollars for education related items like school tuition, tutoring, online education programs, textbooks or education technology, or therapies for students with special needs.

Table 40-1  
 QUESTION 32:  
 If the election for state legislature were held today, for whom would you vote:

A candidate who SUPPORTS school choice because it empowers parents to have more control over what their children are learning and choose the best school for their child, regardless of where they live.

...or...

A candidate who OPPOSES school choice because there are sufficient education options and school choice cuts money from already underfunded public schools, hurting our local communities, and causing property taxes to rise.

QUESTION 32:

If the election for state legislature were held today, for whom would you vote:

A candidate who SUPPORTS school choice because it empowers parents to have more control over what their children are learning and choose the best school for their child, regardless of where they live.

...or...

A candidate who OPPOSES school choice because there are sufficient education options and school choice cuts money from already underfunded public schools, hurting our local communities, and causing property taxes to rise.
